

Associate Engagement

GET IN THE GAME

At Actabl we believe that job satisfaction comes from clarity and a sense of belonging, leading to high-quality output and enhanced retention.

The revolutionary Associate Engagement module is strategically designed to harness our innate competitiveness and create a culture of performance around brand standards while highlighting top performers and encouraging excellence.

KEY BENEFITS

Enhance Maintenance Performance

Gamify the engineering workflow by transforming routine tasks into a dynamic and engaging experience. Provide associates with a clear view of how their contributions directly impact and adhere to brand standards.

Ignite a Competitive Spirit

Motivate your associates to compete amongst themselves and other properties by promoting a sense of accomplishment and recognition. Drive self-improvement, accountability, and improve team alignment among engineers and properties.

Align Associates with Organizational Goals

Tie earnable badges to specific goals or values, allowing employees to understand how their efforts contribute to the overall success of the company, and fostering a sense of purpose.

Foster a Supportive Culture

Extend beyond recognition to spotlight individuals and reward their efforts, elevating job satisfaction and a sense of belonging. Sustain associate commitment with a clear understanding of what winning entails for both personal and collective success.

In pilot properties, we have seen an average of **8% increase** in performance in the first 120 days.

Associate Engagement seamlessly integrates a personalized gaming experience into the mobile and desktop applications used every day by your engineers.

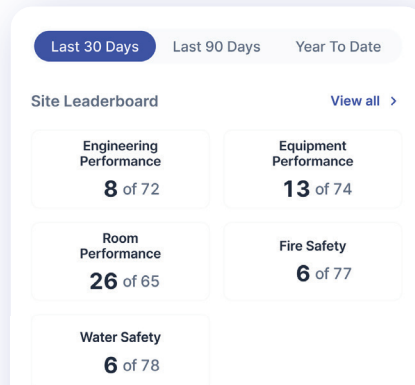

Dashboards

These user-friendly dashboards empower managers and associates to quickly gain insight into performance.

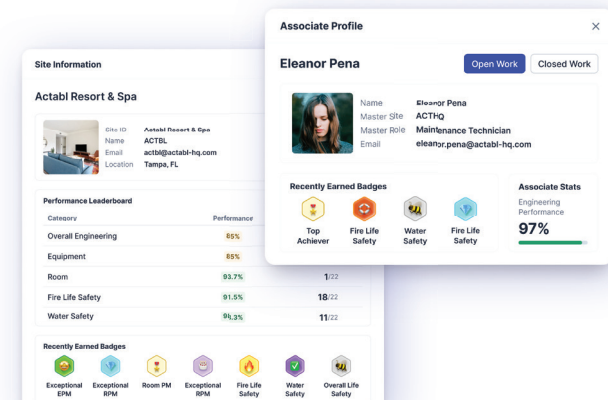

Leaderboards

Gauge how your team ranks across all performance types, encouraging healthy competition between sites and associates.

Associate & Site Profiles

These user-friendly dashboards empower managers and associates to quickly gain insight into performance.

Badges

Recognize and reward associates with badges linked to their outstanding work performance.
